Presentation Remote with Cursor Control and Laser Pointer

- Set yourself free to interact with your audience
- Store receiver in the remote for easy travel
- Plug and present: no software required

Confidence. Control. Credibility.

PRESENTATION PILOT PRO IS THE IDEAL WIRELESS PRESENTATION REMOTE TO USE WITH POWERPOINT AND KEYNOTE.

Pilot Pro features slide control, slide hide, laser pointing, complete mouse control and a USB receiver that stores inside. It's 50 feet of radio-frequency range provides freedom of motion for audience interaction during a presentation. Just plug in the USB receiver and go. There is no complicated set-up. This innovative remote ensures that control is at your fingertips wherever you stand in the room. With such a complete set of features, Educators and Corporate Professionals agree that Presentation Pilot Pro is key to good presenting.
