

**FAST-FOLD® MASKING PANELS**
**Converts HDTV viewing area to NTSC Video**

- Drapery Masking Panels allow a native 16:9 Fast-Fold® screen to be properly masked to a standard 4:3 format, in effect doubling the functionality of the screen.
- Masking panels simply Velcro® into place at the top and snap into place at the bottom of the screen to snap studs along the black binding.
- Shown with optional skirt drapery.

Masking panels and optional drapery kit snap to pre-studded binding.

Optional drapery presentation kit provides a professional stage front appearance.

Velour fabric maintains fire resistance through eight dry cleanings. Standard with black drapery masking panels or choose optional blue or pewter gray drapery.

**HEAVY DUTY FAST-FOLD® DELUXE AND FAST FOLD TRUSS SIZES**
