REMOTEPPOINT®

Interactive RF Remote Control for Presentations

Presentations

Model: VP4810

100 Feet of Confidence.

Imagine a remote which lets you control presentations worry-free from 100 feet away. Comfortable, reliable and easy-to-use, RemotePoint RF's radio frequency technology solves all your PC based presentation and input needs.

Forward & Back

Advance or return slides with ease.

Laser

Highlight your key points with the integrated laser.

ClickTrigger™

The patented ClickTrigger acts as a left mouse button for one-handed point, click and drag ease.

Customizable Buttons

Launch your favorite short-cuts, tools and programs. Install the user-friendly software to enable powerful presentation tools.

Cursor Control

RemotePoint RF allows you to operate in standard "mouse mode" without loading any software.
