

Important safety instructions for Amino H200W media player

Important Safety Instruction

- Read and keep these instructions.
- The product contains no user-serviceable parts. Refer all servicing to qualified service personnel.
- Note all warnings.
- Handle the product with care.
- Do not expose the product or its accessories to any liquids, rain or moisture.
- Do not locate the product near a heat source and do not block ventilation holes: the product will become warm during operation. Allow at least 10cm (4") around the product for air circulation.
- Do not locate the product where it may be subject to physical shock, vibration or where the product may fall over.
- Do not place the product on soft furnishings or carpet.
- Protect the power supply cord from damage.
- Only use the power supply provided by the manufacturer. The use of any other type of power supply may invalidate any approval or warranty applying to the product and may be dangerous. If the AC power adaptor does not match your local system, contact the product supplier.
- The disconnect device is the power supply cord. Removing the power supply cord from the mains supply isolates the product from the mains.
- Disconnect the product from the mains supply if left unused for long periods of time or during electrical storms.
- Disconnect the product before cleaning, and use a dry cloth only.
- Only use attachments and accessories specified by the manufacturer.
- The product is for indoor use only.
- Do not attempt to dismantle the product.

This radio transmitter [AP6275P] has been approved by Innovation, Science and Economic Development Canada to operate with the antenna types listed below, with the maximum permissible gain indicated. Antenna types not included in this list that have a gain greater than the maximum gain indicated for any type listed are strictly prohibited for use with this device.

Le Présent émetteur radio [AP6275P] a été approuvé par Innovation, Sciences et Développement économique Canada pour fonctionner avec les types d'antenne énumérés ci-dessous et ayant un gain admissible maximal d'antenne. Les types d'antennes non inclus dans cette liste qui ont un gain supérieur au gain maximal indiqué pour tout type listé sont strictement interdits pour une utilisation avec cet appareil répertorié.

Brand	Antenna type	Model Number	Antenna gain (dBi)
LYNwave	50 ohm dipole	ALX24X-221AA0-00	2.4GHz - 3.3dBi / 5GHz - 3.4dBi
