**SS-1R**  
**Single-Station Control**  
**Technical Data Sheet**

**USES:** The SS-1R is the standard control for all (except Profile) domestic motorized screens.

**COMPATIBILITY:** KS-1 Power Supply Key Switch.

The SS-1R is intended as the sole control station, and cannot be used as a multiple station control. It can, however, be used with the KS-1 power supply key switch. It is not intended for use with any other control.

**CONTACTS:** Single-Pole, Double-Throw, Center Off (On-Off-On). Maintained action.

**RATING:** 16 Amps, 277 Volts, UL recognized, CSA recognized.

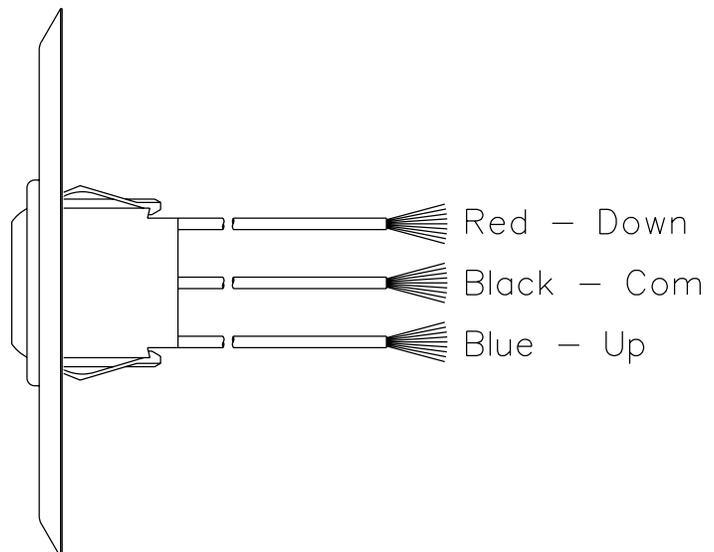

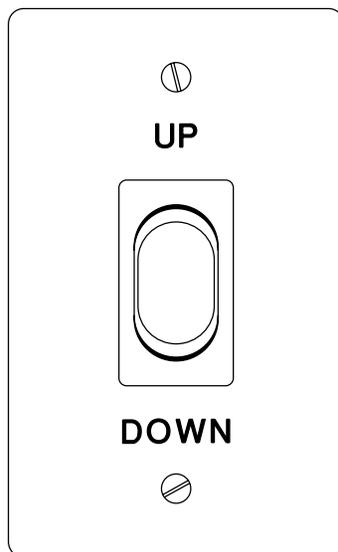

**DESCRIPTION:** Switch is a black, Euro-style (rounded or oval) rocker switch.

Cover plate is aluminum, finished silver satin. Also available in stainless steel by request, or furnished automatically when ordered with a KS-1.

Three 6" wire leads: black, red and blue (common, down and up).

2-3/4" x 4-1/2" cover plate fits a single-gang box.
