New Mount OWM3000

OWM3000 Mounting Template

This sample is NOT to SCALE. DO NOT PRINT AND OR ATTEMPT TO USE TO MOUNT OWM3000.

Key features over our existing mount:

- Light weight at only 11 lbs vs current mount at 16.5 lbs
- Scale plate on one side to see the distance from wall to the mounting plate
- Our current mount structure is 27.7" long, OWM3000 length will be as short as 13"
- Adjustable angle - $\pm 5^\circ$ tilt, left/right, front/rear, and lateral rotation adjustment
- All adjustments are done using 3 knobs that are labeled according to each function
- A more professional and clean look

OWM3000
