

Structural Ceiling

Model	Application	Load Rating	Suspended Ceiling	Hardware
CA1	Single Beam/Unistruts	80lb	CAS1W, CAS2W, CAS3W	Unistrut Hardware Pack: HU2, HU4 Concrete Expansion Anchors: HE38, HE516 Toggle Bolts: HT2, HT3, HT4, HT6
CA1C	Single Beam/Unistruts	80lb		
CA2	Dual Beam/Unistruts	300lb		
CA8	Structural/Unistruts	300lb		
CA4	Structural/Unistrut	300lb		
CAR4	Structural/Unistrut	75lb		
CA8HD	Structural/Unistrut	500lb		
CA8XD	Structural/Unistrut	600lb		
CAT3	Truss/Beam to 3.5"	400lb		
CAV1	Vaulted (angled) Ceiling	300lb		
CAB1	Ibeam (to 12")	250lb		
CAS1W	Suspended Ceiling	60lb		
CAS2W	Suspended Ceiling	60lb		
CAS3W	Suspended Ceiling	50lb		

Extension Pipes

	Fixed Length	
	Model	Drop Length
	E06	6"
	E1	12"
	E018	18"
	E2	2'
	E3	3'
	E4	4'
	E5	5'
	E6	6'
E7	7'	
E8	8'	
E9	9'	
E10	10'	
	Adjustable	
	Model	Drop Length
	EA0611	6" - 11"
	EA01218	12" - 18"
	EA01824	18" - 24"
	EA23	2' - 3'
	EA24	2' - 4'
	EA35	3' - 5'
	EA46	4' - 6'
	EA68	6' - 8'
EA810	8' - 10'	
EA1012	10' - 12'	

	EC1: Pipe Connector
	EC2: Pipe Connector with Opening for Cord Management

■ Standard Interface

Standard 1.5" threaded interface on all ceiling accessories, pipes and connectors. High grade steel tubing construction provides solid backbone for ceiling-mounted systems.

■ Aesthetics and Functionality

Pipes feature cable opening with aesthetic snap-in plastic cover. Connectors can be fully threaded, eliminating unsightly threads from showing when multiple pipes are connected in longer drops.

■ Configurable

Pipes, connectors and ceiling adapters can be mixed and matched with Crimson ceiling mounts in order to create customizable solutions for single and multiple display system installations.

■ Construction

Fabricated from high-grade steel /aluminum with durable epoxy powder coat finish. Threads are lubricated and protected in packaging. Security screws and tools are included.
